## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:  
Independent claims 1, 12, and 19 identify the unique distinct feature of "A method for cooperative rasterization of print data in an enterprise network, the enterprise network including multiple printers, the method comprising: rasterizing, by a primary printer of the multiple printers, a portion of a print job to input raster bits into a raster buffer associated with the primary printer; determining a time taken to rasterize the portion of the print job; identifying, by the primary printer, a potential underflow condition of the raster buffer, the potential underflow condition occurring if the determined time taken to RIP the portion of the print job is greater than a time that will be taken by the primary printer to print the portion of the print job; determining a transit time a secondary printer takes to receive a portion of the print job and determining a receive time it takes the secondary printer to return the corresponding raster data to the primary printer; using the transit time and the receive time to determine secondary printers to be used for rasterizing a portion of un-rasterized portions of the print job for subsequent addition to the raster buffer; responsive to identifying, the primary printer communicating an un-rasterized portion of the print job to the secondary printer for the secondary printer to rasterize, the

primary printer not rasterizing the un-rasterized portion; receiving, by the primary printer, raster bits corresponding to the un-rasterized portion from the secondary printer; and printing, by the primary printer, all raster bits corresponding to the print job. “

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
